VAI, 2nd Floor, 200a Pentonville Road, Kings Cross London, N1 9JP

The College of Public Speaking Ltd was born of the Voluntary Sector. Its founders came together to create an entity whose desire for the highest quality education remains at the core of their hearts. Though much has changed over time, that principle continues to shine as strongly as ever. Our main week day venue is owned and managed by Islington Council's Voluntary Sector, a service that we are proud to support.

Voluntary Action Islington, 200a Pentonville Road, Kings Cross, London, N1 9JP is a ten minute walk from Kings Cross Station. Coming out of the main the station, the road directly ahead of you to the right is the Euston Road (the A501), after the main intersection/junction it becomes Pentonville Road. There is a McDonalds on the corner, Starbucks, Pret and Sainbury's in quick succession. Across the road you'll see the Pentonville Road tube entrance/exit.

If you alight from the Pentonville Road Tube exit, turn right onto Pentonville Road and walk up to the intersection with Killick Street. The venue is another 30 yards on the right on Pentonville Road. Buzz reception on the intercom and they'll invite you up to the 2nd floor reception.

We welcome and receive hundreds of students, both national and international every year. This short guide is for those students who are not familiar with this locale, and to highlight the proximity of useful and interesting amenities.

Below is an image of the entrance:

The London Tube map (with some mainline stations)

Euston and Kings Cross are London's two most accessible train stations, carrying millions of Londoners every day. St Pancras International is close by, offering transport from Paris, Brussels, Lille and Amsterdam.

There'll never be a better chance of meeting with you.
